Anton's Tropical Adventure

N1-P2

Meet Anton the Ant and his tropical friends in this interactive storytelling workshop. Join him on his adventure through the tremendous trees of the rainforest and help him find his way home!

Your pupils will effectively contribute in an interactive storytelling session where they will go on a journey with Anton the Ant. They will discover the rich diversity of life in the amazing tropical rainforests, learn how these animals are adapted to life in the trees and discuss issues around endangered species in an accessible way.

During this workshop pupils will get the opportunity to hold real handling specimens including butterflies, tropical insects and tarantulas! They will be enthused and have a motivation for learning while using song and actions to enhance enjoyment and develop knowledge and understanding.

This workshop enables pupils to:

Extend and enrich vocabulary through listening, talking and watching

Develop curiosity and understanding of the environment

Develop as a scientifically-literate citizen with a life long interest in the sciences

Establish a foundation for more advanced learning
