

DINO'S DYNAMOS

Recipe

Rock buns...

Ingredients

- 200g self raising flour
- 100g margarine
- 100g caster sugar
- 75g currants
- 1 egg
- 2 tbsp milk

Ask an adult to help you
with this recipe.

Recipe

1. Pre-heat the oven to 200°C.
2. Sift the flour into a bowl with a pinch of salt and rub in the margarine until the mixture looks like breadcrumbs.
3. Stir in the sugar and currants.
4. Add the egg and milk. Mix into a stiff dough with a wooden spoon.
5. Place in rough heaps on a greased baking tray.
6. Bake in the oven for 15 - 20 minutes.

Geology Rocks!

The oldest rocks in the UK are found in the far north west of Scotland.

They are called the Lewisian Gneisses (pronounced "nice") and they are 2700 million years old!

There are lots of different rock types. A conglomerate is a sedimentary rock with big bits in it surrounded by tiny bits. Kind of like the currants in your buns!
