TECHNICIAN

HOURS OF WORK
RATE OF PAY

Minimum 4 days per week over 7 days
£8.15 per hour rising to £8.85 after 6 months

SUMMARY

Working a minimum of four days per week out of seven you will provide technical support within the two main areas of the business, AV support for conference and banqueting events and technical support for the attractions exhibition including fault finding, problem solving and repairs.

MAIN DUTIES

- Start up and shut down of main exhibition
- Setting up and operating corporate events to the highest standards
- Fault find and resolve any technical failures within the exhibition / building or event
- Provide technical support across the organisation to both internal and external customers, staff and clients
- Complete any preventative maintenance and testing as requested by the technical manager
- Attend and report at various company meetings to give advice on technical aspects of the day to day running of the building
- Attend event client meetings alongside organisers and Conference/Food & Beverage staff
- Work with the facilities department on general building maintenance when required
- Assist in the day to day operation of the building and be on hand to deal with any ad hoc technical failure
- Carry out departmental training with colleagues where requested
- Maintain and service all technical equipment and tools
- Any other ad hoc tasks as requested by your departmental manager.

QUALIFICATIONS / EXPERIENCE

We are looking for a highly motivated individual who has or is working towards an HNC or equivalent in AV Technology. The ideal candidate must have a willingness to learn and the ability adapt to working across the various areas of the business; from corporate events to back of house exhibition. Experience in working with mixing desks, video playback, microphone and AV are essential to the role, as well as strong customer service skills. Any training or experience in PASMA, IOSH or NEBOSH are also beneficial to the role.

TO APPLY: Send a covering letter and CV to Mark Wall Technical Manager

CLOSING DATE: 10 March 2017
